Stratiqa

SUMMARY

STRATIQA is not a dashboard. STRATIQA is an AI-Powered Business Operating System.

DESIGN PHILOSOPHY

The interface should communicate: Intelligence, Trust, Clarity, Strategic Thinking. Visual Inspiration: Apple (spacing), Linear (clarity), Stripe (premium SaaS), Palantir (enterprise intelligence), Notion (simplicity).

CORE DESIGN PRINCIPLES

1. Intelligence First 2. Data Second 3. Minimal Visual Noise 4. Executive Friendly 5. Fast Navigation 6. Explainable AI 7. Consistent Interaction Patterns

THEME

Dark Theme First. Background: #0A0A0A. Surface: #111111. Card: #171717. Border: #262626.

ACCENT COLORS

Primary: #2563EB. Success: #10B981. Warning: #F59E0B. Danger: #EF4444. Information: #38BDF8. No gradients allowed. No neon effects. No excessive glow.

TYPOGRAPHY

Primary Font: Geist. Secondary Font: Inter. Metric Font: JetBrains Mono.

STRATIQA ONE AVATAR

Purpose: Provide a visible intelligence layer throughout the application. Characteristics: Minimal, Professional, Non-human, Non-cartoon, Enterprise friendly. Used In: Dashboard, Recommendations, Executive Briefs, Simulations, Reports.

LANDING PAGE

Hero Section Headline: Run Your Business With Intelligence. Subheading: STRATIQA understands your business, monitors operations, predicts risks, and helps leaders make strategic decisions. Buttons: Start Here, Login. Interactive Intelligence Showcase: Revenue Trends, Project Health, Strategic Goals, Business Twin Simulations; Interactive mock dashboard. STRATIQA One Showcase conversation example included. Business Twin Section with simulation questions. Security highlights: MFA, RBAC, Audit Logging, Encryption. Final CTA: Start Building Smarter Businesses. Buttons: Get Started, Login.

AUTHENTICATION EXPERIENCE

Pages: Login, Register, MFA Verification, Forgot Password. Features: Password Visibility Toggle, Session Tracking, Device Recognition.

PRIMARY NAVIGATION

Sidebar Layout: Dashboard, Projects, Goals, Analytics, Business Twin, Reports, Customers, Products, Settings. Persistent Across All Screens.

DASHBOARD ENTRY EXPERIENCE

Page Name: STRATIQA One Home. Purpose: Executive Workspace. Sections: Welcome Header, Today's Priorities, Risks, Opportunities, Strategic Goals, Active Projects, Executive Recommendations.

EXECUTIVE WAR ROOM

Purpose: Single-page business command center. Sections: Critical Risks, Growth Opportunities, Strategic Goals, Project Status, Recommendations, Executive Brief, Business Events Timeline, Business Twin Insights.

ANALYTICS MODULE

Pages: Revenue Analytics, Operations Analytics, Customer Analytics, Project Analytics, Goal Analytics. Features: Filtering, Drill Down, Export.

PROJECT INTELLIGENCE

Project Overview, Project Health, Milestones, Tasks, Dependencies, Risk Assessment, Forecast Completion, AI Recommendations.

GOAL MANAGEMENT

Goal Dashboard, Goal Progress, Linked Projects, Business Impact, Completion Forecast, Risk Indicators.

BUSINESS TWIN STUDIO

Purpose: Business Simulation Environment. Inputs: Revenue Changes, Hiring Changes, Marketing Budget, Expansion Plans. Outputs: Revenue Forecast, Risk Forecast, Profit Forecast, Growth Forecast, Visual Simulation Results.

REPORTS MODULE

Types: Daily, Weekly, Monthly, Quarterly, Executive. Report Sections: Executive Summary, KPIs, Charts, Risk Analysis, Project Analysis, Recommendations, Appendix.

EXECUTIVE BRIEFS

Morning Brief contains: Today's Priorities, Emerging Risks, Recommended Actions, Goal Status. Evening Brief contains: Day Summary, Performance Changes, New Risks, Tomorrow Priorities.

CUSTOMERS MODULE

Customer Overview, Customer Health, Churn Risk, Support Activity, Customer Insights.

PRODUCT INTELLIGENCE MODULE

Products, Inventory, Demand Forecasting, Product Performance, Product Recommendations.

CHARTS & VISUALIZATIONS

Allowed: Line Charts, Bar Charts, Area Charts, Heatmaps, Risk Matrices, Timelines, Forecast Bands, Goal Progress Charts, Business Twin Simulation Charts, Project Health Charts, Opportunity Maps. Avoid: 3D Charts, Decorative Visualizations, Complex Infographics.

INTELLIGENCE FEED

Real-Time Activity Stream. Examples: Goal Updated, Risk Detected, Recommendation Generated, Project Delayed, Forecast Updated.

EXPLAINABILITY PANEL

Attached To Every Recommendation. Shows: Why, Confidence Score, Data Sources, Expected Impact.

EMPTY STATES

Friendly Guidance. Examples: No Projects Found — Create your first project. No Goals Found — Create your first strategic goal.

ERROR STATES

Clear Explanation, Suggested Resolution, Retry Option, Support Link.

LOADING STATES

Skeleton Screens, Progress Indicators, Incremental Data Loading.

ACCESSIBILITY

Keyboard Navigation, Screen Reader Support, High Contrast Text, Focus States, Responsive Layouts.

RESPONSIVE DESIGN

Desktop First, Tablet Optimized, Mobile Companion Experience.

ANIMATION GUIDELINES

Subtle Only. Allowed: Hover Elevation, Counter Animation, Chart Entry Animation, Page Transitions. Avoid: Particles, Background Effects, Constant Motion.

DESIGN GOAL

Every screen should feel like a premium executive workspace where decisions are made, not just a place where reports are viewed.
